JOHNES VETERINARY DECLARATION

I hereby declare that I blood tested the following animals and they showed a negative result to the Eliza test for Mycobacterium Paratuberculosis.

LAB CODE	TESTED ANIMAL ID	DATE OF BIRTH	DATE TESTED

Signature of Veterinary Surgeon _____
STAMPED VETERINARY DECLARATION

See over

Please read carefully:-

- All dams of animals for sale must be Eliza tested negative for Johnes disease within 12 months of sale date.
- Where the dam is dead or not available for testing, the full pedigree Limousin herd over 2 years within 12 months of sale must be Eliza tested negative and each animal listed by the veterinary surgeon on the Declaration overleaf.
- In the case of embryo transplants, it is the surrogate dam which must be tested.
- This declaration MUST be stamped and dated by your veterinary surgeon.

This Declaration must be handed to the Limousin steward at sale, or into the mart office by the vendor at the Official Limousin Sale
