	Confirmatory Test	<input type="checkbox"/>			

Routine Herd Screen Testing

Tick the relevant box/boxes to indicate disease testing requirements. For Routine Herd screens for both **Johne's Disease and Neospora**, a Herd health plan must be completed – please tick to confirm the plan is complete (templates for the plans are available on the Limousin Society Website or from IML by email)

BVD*		Johne's Disease		IBR		Leptospirosis		Neospora	
5 unvaccinated animals aged 9-18 months from each management group		All cattle 24 months or older		All cattle 12 months or older <u>plus</u> all younger cattle that are not homebred		All cattle 24 months or older plus all breeding cattle 12 months or older		All cattle 24 months or older, all breeding cattle 12 months or older & any purchased animals	
Tick	<input type="checkbox"/>	Tick	<input type="checkbox"/>	Tick	<input type="checkbox"/>	Tick	<input type="checkbox"/>	Tick	<input type="checkbox"/>
No. Of Management Groups	<input type="checkbox"/>	Herd Health Plan completed	<input type="checkbox"/>					Herd Health Plan completed	<input type="checkbox"/>

*For BVD only, accreditation may be achieved using the results of the AHI National BVD Eradication Program. Herds which have been designated as "Negative Herd Status Herd- NHS" may grant IML access to check their BVD status by following the instructions on the ICBF IML Data permission guide on the Limousin Herd health webpage. If you wish to achieve accreditation using these results please tick

Submission procedure for Routine Herd Screens

This submission form must be accompanied by a current AIMS stock list (complete herd profile). The vet must also email an electronic (**Microsoft Excel or CSV**) copy of the AIMS stock listing to IML (limoleader@imlabs.ie) quoting your herd number in the subject of the email. This is stipulated to avoid transcription errors and ensure maximum traceability from farm to result as part of the accreditation process. The file must include the following fields complete for each animal in the herd: Animal ID, sample bottle no., date of birth and breed. **Failure to provide the electronic copy of the AIMS stock list will result in a €40 additional charge.** Post samples together with the submission form and hard copy of the AIMS download to **IML Ltd., Shercock Road, Bailieborough, Co. Cavan.**

Submission of samples for Non- routine Herd screens

Please List all animal IDs and any sample references used		Please tick the relevant test to be completed							
		Blood							Faeces
Tag Number	Sample ID	BVD Ab	BVD Virus	IBR Ab	IBR gE Marker	Johne's Ab	Lepto Ab	Neosp Ab	Johne's PCR
